

The Secret Lake: A childrens mystery adventure By Karen Inglis

Especially the Karen Inglis Mystery and magic! This book is full of it! Karen Inglis I bought this book for my 7 year old grandson and we have almost finished it in two sittings. Highly recommend for early readers who don't need Karen Inglis It was a great book but be prepared to explain to your child that it is not okay to refer to Asian people by the word they use a couple of times in this book. I understand they were meant to have travelled into a time where it was 'acceptable' but I was a little surprised Karen Inglis I read this to my grade 3 class and we did not enjoy it! Too hard to follow. Now enjoyed by over 400000 young readers! Book 2 now available! When Stella and her younger brother Tom move to their new London home they become mystified by the disappearances of Harry their elderly neighbour's small dog. Where does he go? And why does he keep reappearing wet through? Their quest to solve the riddle over the summer holidays leads to a boat buried under a grassy mound and a tunnel that takes them to a secret lake. Who is the boy rowing towards them who looks so terrified? And whose are those children's voices carried on the wind from beyond the woods? Stella and Tom soon discover that they have travelled back in time to their home and its gardens almost 100 years earlier. A modern children's classic The Secret Lake has been described by readers as a modern Tom's Midnight Garden and compared in atmosphere with The Secret Garden and the Enid Blyton and Nancy Drew mystery adventure stories. The adventure starts here! Order today with one click in print or for kindle The Secret Lake: A childrens mystery adventure Review is from 7 and 9 year old: it's a really good book with time travel and friendship. Her international bestselling time travel adventure The Secret Lake for ages 8 12 has now been enjoyed by over 400000 children in the English language and is in translation in nine languages. The long awaited sequel Return to the Secret Lake (published March 2022) is proving equally popular dont miss! Karen is a big dreamer and thinker and loves taking young readers into worlds where literally anything can happen like magical time tunnels that take you to meet children in the past or soccer mad aliens zooming down from space to hide in your bedroom and watch the World Cup or library books that suck you down into the story or magic hats and talking cats! Her latest picture book The Tell Me Tree (for ages 4 8) which invites children to share how theyre feeling — whether happy sad or anywhere in between — with friends family or trusted grown ups has received praise from teachers and parents and is being used widely in UK classrooms, He loves the mystery and the way the people of the past speak. The going and coming from present to past has him very intrigued, and many British terms! Karen Inglis A lost dog.

I bought this to read aloud to my 8 year old. I found the writing beautiful and eloquent but it was challenging for my child to follow along I had to stop often to define words: The storyline was good but again my child found it hard to follow along with a hidden time tunnel and a secret lake. A page turning time travel adventure for children aged 8 11: Here they make both friends and enemies and uncover startling connections between the past and present. Its page turning plot with its many twists and turns makes it a firm favourite with both boys and girls. Karen Inglis describes it as a time travel mystery adventure with modern twists the kind of story that I loved to read as a child but brought right up to date: just finished the book and i'd say it is definitely for an older child. the plot is a bit complex and keeping track of all the developments was a bit hard for him, also there are NO pictures mom was a bit of a sad point for him, It's a simple read especially compare to our normal read but one my 6 year old will be able to do on her own soon, I'm wondering if people are too use to American Karen Inglis Karen Inglis is an bestselling childrens author living in London in the UK. She writes picture books chapter books and middle grade novels. Karen loves going into schools and meeting her fans and offers virtual school visits all around the world, For details and to sign up for news and special offers visit her website kareninglisauthor.com. It's a bit confusing but it's a very fun book. Karen Inglis our 6 y.o. Karen Inglis We are half way through and enjoying it. I don't understand why there is complaints about spelling.com
