

Always Forever (Always Forever, #1) By Lauren Crossley I definitely felt drained at times reading this book because of all the secrets and drama that occurred throughout the book but I was definitely surprised several times and can honestly say this isn't like any other book I have read. I started to notice it more and more towards the end which was annoying because there is nothing worse than trying to get in the mood of the story and have to work out what the misspelt word was. She is the product of an abusive.

I am currently working on an alternate ending to 'Right Girl' which will be released at some point in 2017)'That Summer' (Part One Two) are also available and deal with the highly controversial subject matter of two half siblings who meet as young adults and fall in love. For the most part I usually just skip this because I am an author and I know how hard it is to catch everything but some of the editing issues actually affected how I interpreted the story and when you have to stop and figure out what the author meant you get frustrated and that ruins the story for you. Bethany didn't grow as a character at all have the crazy dad kill her...it's not like we don't know how much he hated her and then there would at least be some suspense to keep you interested. Contemporary Romance Young Adult What is the deal with authors who want to write angsty fiction and try to sell it as romance??? Why in the devil would you label your book a romance if it doesn't have the socially accepted ingredients of romance? Per the Romance Writers of America books in the romance genre primary focus on the relationship and romantic love between two people and must have an emotionally satisfying and optimistic ending. When she meets Jake everything seems to turn around for her but she still doesn't stand up for herself Jake however is the opposite he's a force of nature with a very possessive personality and capable of protecting those he cares about. There are many reasons that you fall in and out of love with Jake but Jake and Bethany can't seem to get enough of each other even when they are angry at one another their passion ignites making for interesting reading. The story gives you an extreme amount of rage toward the people who are intent of hurting and ripping Jake and Bethany apart the story will hopefully have the finale we all want but I would imagine we are in for a ride before that happens. Contemporary Romance Young Adult Young intense love This story is so heart breaking yet beautiful at the same time Bethany is technically a prisoner of her father and Jake is a lost soul by chance they meet and the explosion begins they have intense passion and love. I wouldn't read it if it was free I hate books like that!!! HATE!!!HATE!!!!HATE!!!! So no book 2 for me I'm going to totally block the fact I even read book 1 aside from all the grammar errors. Sorry for the spoiler had to vent it out there!!!! Contemporary Romance Young Adult Hi there I'm 26 years old I live in the UK and published my first book Always Forever. I spent two years working on my first book and can't begin to count the hours I put in trying to figure out how to publish my first novel! Forever Always is the second and final instalment in the series. Wrong Girl was originally supposed to be a standalone novel but I decided to make it part of a series and wrote Now Its Just Us which is a short novella as well as Right Girl which is the third and final instalment in the series. (Due to high demand I am currently working on an alternate ending to Right Girl which will be released at some point in 2017)That Summer (Part One Two) are also available and deal with the highly co Hi there I'm 26 years old I live in the UK and published my first book 'Always Forever. I spent two years working on my first book and can't begin to count the hours I put in trying to figure out how to publish my first novel! 'Forever Always' is the second and final instalment in the series. 'Wrong Girl' was originally supposed to be a standalone novel but I decided to make it part of a series and wrote 'Now It's Just Us' which is a short novella as well as 'Right Girl' which is the third and final instalment in the series. comMy readers can contact me on this if they wish to do so and I look forward to hearing back from you!You can also find my author page on where I have each of my books listed: {site_link} for reading Lauren xx {site_link} WARNING: This book is not for the faint hearted, I'm not sure how I feel about reading the next book considering so much happened in this one I can't even imagine what will happen in the next one. The only thing that let this book down was the spelling mistakes, Contemporary.

She went from being controlled by her father to being controlled by her boyfriend and both apparently have anger issues. To have as much passion at Bethany and Jake supposedly have they fight all the time and it ends with him attempting to literally murder someone, And what is even worse is that towards the end of the book you have chapters dedicated to characters that don't really matter. I get that they are leading up to the next book but it could have/should have been handled differently, All it did for me was piss me off and I ended up only partially reading those chapters...because I didn't give a crap about those people!OH YEAH...and before I forget: She means so much to Bethany and she's a catalyst for this story: She added something to the book and then she has a fall that was just a random accident, When she gets out of the hospital she just up and decides to move away and then BAM she just dies, I mean really? It's one of the many infuriating things that happened in this book, There were so many ways in which her death could have made this story not boring, I mean seriously.

Young Adult I try to avoid all reviews before I read anything by an author I am not familiar with, I would agree with many of the other reviews that this book is LONG: Honestly it should have been broken up into a minimum of 2 books but 3 would be best: It is a story of one young woman who has been so emotionally and verbally abused to the point that the fact she is still standing is amazing. Part One of 'The Secret' is available to download and part two will soon follow: I've uploaded my darkest romance 'Monstrous Love' on Wattpad but have also published the complete novel on . Part One of 'In Love with Lies' is also available on and you can read the first ten chapters on Wattpad: Part Two will soon follow and you will be able to buy the complete novel once part two has also been completed. I am a hopeless romantic and love reading books within the New Adult genre: My own books tend to focus on the darker side of love.

This book was 877 pages that has to be the biggest book I have read to date, The cover of the book and the summary barely even hints to what this book is actually about when I started reading I was so surprised it wasn't what I expected, The story was compelling and there was so many characters point a views Romance Young Adult I don't promise my readers or guarantee my characters a 'Happy Ever After: ' Happy endings are harmonious but they're not always real life: Hearts and flowers won't be found in my writing and neither will perfect conclusions to my stories: Well I appreciate the warning especially as it cements this would not be a romance I would be interested in reading, Contemporary Romance Young Adult This book was hard for me to finish it was way too long and needed another review from the editor because they missed way to much, There are parts of the book where they main characters name is actually miss spelled: With that said the story is ok Bethany is probably the most infuriating heroine I have ever found and by far redefines mousy, You will want her to die by the end of the book and that's not how romance novels are supposed to go: I don't like giving bad reviews but I also hate to read a book where you skip sections because they are so drawn out and boring that you literally fall asleep, I want to read a romance novel that I can't put down that has me dying to know what's going to happen...that didn't happen with this book: The rest is dragged out to the point that you'll end up frustrated and ready to just throw your kindle out the window. Contemporary Romance Young Adult My rating has gone down after reading the sequel no way can I think about this couple and have fuzzy feelings! Thanks a lot author: Translated to mean if

you torture your love interests and don't give them an HEA then you aren't writing romance books anymore: So if you have to stick the type of warning written in this book description in your Goodreads listing then you're not marketing in the right category: Quit using a genre designed for positive depictions of love as a dumping ground!!! *This is not a review; this is a rant* lol

Contemporary Romance Young Adult Free download: Well I wasn't sure what to expect but I did really enjoy this story, It was difficult to empathise as I haven't been in the position Bethany was in but its well written so you can get right into her mindset, I did find her a bit annoying I kind of wanted her to get angry and push back but she's left herself weak by never standing up to her father, Her life is totally controlled by her father who is a bully and a hateful man: I wanted to hit him for her and the way he treats her mother. Both Bethany and her mother have no life and no say what so ever. Their relationship is so fierce loving obsessive hot and all consuming they need each other but their relationship has lots of twists and turns creating a huge amount of angst, This story has many characters the ones you love and the ones you absolutely hate these hateful characters are going to make the second novel grip worthy and I can't wait. Would recommend to anyone who enjoys a story full of everything. Contemporary Romance obsessed and beyond overbearing father and a timid abused and damaged woman, Her father is quite frankly a horrible man that I wished was given a bit of his own medicine throughout the book: At 22 Jake is has assumed the role of man of the house to 3 women, After years of abusing his wife and children Jake's father left the family. On the surface Jake is a good guy with a bad hand dealt but as the story grows you realize he becoming a product of his history. As his relationship grows with Bethany he is almost obsessive about his feelings: I wanted to grab Bethany and drag her away from these people. I wanted to scream at her when she just simply accepted the life she had been given and the life she was choosing: The secondary obsessive and horribly tragic characters intrigued me but also scared me: The rage the hate the obsession and the control that the men in this book so obviously exude was awful: Each character if flawed and needs years and lifetimes of therapy, They are all products of the lives they were given the lives they have chosen and the way in which they live. It is dysfunctional and honestly not in either's best interest but nonetheless real. It is as though they each give the other meaning to want a better life: can they make a better life or is what they've learned the only life they will lead? We are set up for what is going to be a very violent and emotional read. Contemporary Romance Young Adult Review Coming Contemporary Romance Young Adult I was waiting anxiously for this series to be complete so I can begin reading it. I have only read one book by this author and have to say I love the way she writes her heroes. So why only 3 stars? zFirst I'll start with the cons:- h's low self esteem and poor confidence was annoying. - the other woman drama is a huge pet peeve of mine especially baby mama drama, - the pregnancy storyline with the h seemed forced and the story would have been better without it. - TOO much crazy drama and soap opera type twists which hurt the story, What I loved:- the H; Jake was so possessive jealous protective and obsessed with the h, This author really knows how to write them!! Lauren Crossley is a serious talent: Onto book 2 I can't wait to see what happens with them :) happy reading Edited 12/28 read all 8 horrendous reviews for book 2, SPOILERS I GOT FROM BOOK 2 REVIEWS: DO NOT READ IF YOU DO NOT LIKE SPOILERS!!!! Bethany cheats on Jake aborts their baby and in the end Jake dies, Yep that was a review I read and all eight reviews were either 1 or 2 stars: (Due to high demand the side that comes along with crazy obsessive jealous and possessive heroes, I really hope that you will enjoy reading my stories and will continue to check back here now and then to keep up to date with my progress, My Wattpad username is: MissLauren26 or you can click the direct link below: {site_link} have an email address which is laurencrossleyauthor@gmail: If you do not like to read about dark themes obsessive love or crazy jealous and possessive heroes then this book is not for you: Being with you isn't a choice; we're not an option Bethany: Don't you understand that? I've actually reached the stage where I know I wouldn't even be able to exist without you: My need for you is like oxygen it's not something I can control or even try to explain, I can honestly say that I would cease to exist without you in my life; I would sooner die than be separated from you, You've taken over my mind body and soul all I think about is you: You're the centre of my universe you're all I can see and you

know what? That's absolutely fine; it's fine because you're the only one I need, Jake's intensity can sometimes scare me and yet it is the same unyielding intensity that draws me to him. I've never wanted anything or anyone as much as I want Jake: I crave him and I'm not ashamed or embarrassed to admit that he's now become the centre of my world. He's completely taken over my mind my body and my soul. She longs for an escape which will free her from her controlling father's clutches but hope of escape has always been impossible. Irresistibly handsome and fiercely protective over the fragile young girl he's just met Jake is adamant that nothing will keep them apart: He soon becomes fixated on the idea of them being together and will stop at nothing to make sure that happens: Bethany knows her father and the lengths that he will go to, He's a cruel man who wants to keep her for himself and will share Bethany with no one: He also wants to protect her from the darkness which surrounds him and his past a past which continues to haunt him: one which is dark and extremely painful threatening to tear his whole world apart if he allows it, But will he? It's love versus evil in this enthralling debut about first love passion obsession and jealousy, *** ** This New Adult romance novel contains mature themes scenes of violence strong language and sexual citations: It is recommended for readers 18+ *** Always Forever (Always Forever #1).

[1]

And twists that made this book even better. I'm hoping this wont occur as much in the next book. The grandma. I am glad I did that in this case. There is a lot happening. This is a complex and highly emotional read. It is not for the faint of heart. At 20 years old Bethany's life is not her own. I did however enjoy it a lot. I'm a sucker for bittersweet endings. So to conclude...the first half of this book is great. Will I read this again? NO. He has his own issues and history. His mother turned to alcohol and verbal abuse to cope. Jake chose a path of alcohol sex and violence. I finished this book scared. I was frightened for the women in this book. Perhaps this is why I enjoyed it. There is no white knight in this book. There is no one person that can be redeemed. Through it all Jake and Bethany fall in love. I truly believe their love is real. They love with completeness and yearn for each other. The question remains . The secrets and betrayals will be like no other. I'll be there to witness it all.- story dragged and was a bit slow at some points. - the sex scenes are so DAMN freak'n GOOD. I will be jumping into the next book immediately. It's not but it kind of is a typical first love. Yea I won't be reading it. The end. In 2014.' In 2014. It's you Bethany. It will always be you." - Jake. The truly messed up part of this is. I don't mind. - Bethany. Bethany is a twenty year old young woman craves freedom. Until now. Until Jake. However Jake is not to be underestimated. He hasn't always been the good man that he is today. Jake is desperate to keep Bethany in his life. Jake has a secret. ***Read at your own risk
