

Sycamore Gap (DCI Ryan Mysteries, #2) By L.J. Ross **Book Sycamore gap** I think it would certainly help readers to have read Holy Island prior to reading Sycamore Gap with it pretty much following on from where that one ends and it will give them a better understanding to the case that Ryan is working on. **Sycamore Gap mystery ranch** The author skilfully incorporates foggy evenings eerie isolated parks and interesting settings - the gap is in Hadrian's Wall a World Heritage site built by the Romans 2000 years ago. **Sycamore gap book** There's minimal discussion of cult ceremonies - it's not that sort of book - but just enough to know the High Priest wields enormous power and influence with his satanic practices. **Sycamore Gap bookkeeping** We know who a few of Ryan's deadly foes are and we have strong suspicions about some others but the author is so clever with her clues that Ryan figured it out before I did. **Mystery Sycamore gaps** Could these crimes be related? I found the plot relating to The Circle was a bit far-fetched to be believable but I accept how it was linked to Ryan's former assignment before Holy Island. **Suspense Sycamore gaps** You get to learn more about Ryan's past about what made him who he is about the skeletons lurking in his mind about the man who devastated him and the result at the end is a far deeper character and a better understanding of what drives him. **Sycamore gap tree book** 1518759564 Sycamore Gap is the second book in the DCI Ryan Mysteries The first book "Holy Land" set the tone for the series and was a book I enjoyed while this second one really captured my interest The main character Detective Chief Inspector Ryan is interesting and with this second installment we get to know him more in-depth "Murder and mystery are peppered with a sprinkling of romance and humour in this fast-paced crime whodunnit set amidst the spectacular scenery of Hadrian's Wall country in Northumberland" The whole Hadrian's wall/ World Heritage component blended with crime and mystery make for a page turner of a read 1518759564 THE EXPLOSIVE SEQUEL TO THE UK #1 BESTSELLER HOLY ISLAND The past never stays buried for long. **Sycamore gap lj ross kindle** Murder and mystery are peppered with a sprinkling of romance and humour in this fast-paced crime whodunnit set amidst the spectacular scenery of Hadrian's Wall country in Northumberland. **PDF Sycamore gap** Sycamore Gap (DCI Ryan Mysteries #2)

DCI Ryan is back and just when he thinks everything has returned to normal and he can concentrate more on his relationship with Anna a man stumbles across a skeleton. **Sycamore gap book** I am not usually drawn to Detective series but I confess that as I grew up in the North East of England my heart still resides there and this series transports me back to so many familiar locations. **Book Sycamore gap** As a teenager I enjoyed many school hiking trips around the area of Hadrian's Wall and feel it is time I had a trip back there before too long ! I read somewhere that this novel could be read as a stand alone however in my view it is better to read Holy Island first otherwise all the references found in this one Sycamore Gap would be puzzling to the reader. **Sycamore Gap suspense radio** If anything I thought that at least house prices would be cheap with such a high death rate! Ryan is just starting to move on with his life with a little help from the lovely Anna. **Sycamore gap book** I didn't for a moment thought that the crimes that seemed solved in Holy Island were really solved! LOL So we read here how Ryan and his companions are dragged more and more into the conspiracy! We also know how's doing the maneuvering but I liked that too. **Sycamore Gap booklet** At the end I was not shocked by how the things turned: I was expecting something like that! ;-)) On to the next and hopefully we'll get the Circle to its deserved end! 1518759564 L.J. 'I was proud that you stopped. 'I wanted to end the man who ended her. 'But you didn't.' 'It was you who stopped me.' Phillips shook his head. 'Ryan looked up again. 'Never thought of that did you? You stopped yourself. You did the right thing.5].
