===== English Pretty good. just dragged on a bit. also I hate the cover. Not without a little hesitation though. I couldn't decide whether I loved Cody or hated him. He was obnoxious rude and crude. He pushed and pushed Trey past his comfort level. Trey was somewhat naive and a pushover. I was a bit disappointed in his turn around as well. Cody certainly did. Go figure. The things that came out of his mouth cracked me up. For that I'm grateful for the good times. He is happily married to his piano. Theory suggests this is why he writes romance. He is happily married to his piano. Theory suggests this is why he writes romance. This is a beautiful middle ground achieved through love. Cody and Trey were so good for each other. The sweet pot is the community created in this story. It's filled with so many real life characters. The blurb for the book is a really good one. I'm officially a new fan. :-)  
English 3. Cute HEA and that's about all. 5 stars Another solid sweet story from Daryl. Trey and Cody had a very sweet and hot chemistry. The sex was hot. Overall I liked this one too. It was sweet. ☐ English Too much religion for my taste. Reread July 2022 I liked this time around religion included. Yes I know exactly who he is. The wounded soldier at the end of Willow Street. Intimidating. Devastatingly handsome. Muscular body chiseled from stone. Deep dark eyes that dare you to come near. Attitude for days. And I just became his caregiver. And even worse: I'm not sure I want to. Temptation this bad never looked so good. This soldier is gonna make a sinner out of me
