

The Fae The Fallen (Gifted Fae Academy #1) By Brittnei Chenelle **The Fae The Fallen paranormal book** I would have loved to have it shown at least a little more gradually that he was conflicted of being seen with her now or him saying only stop bully her and not him stepping in completely to help. **EPub The Fae The fallen order** But at first I want to start with the things I liked: This book has a lot of POC representation which I loved! There are not enough books out there with this much representation in the YA/fae/Fantasy genre and I do not know why these stories are predominantly white. **Book of the fallen book** One thing is how does the becoming fae thing work and what does it mean exactly? Are you immortal now? Do they have pointed ears or canines or is their power stronger than before? Do you age just slowly or not at all? One small conversation between Reina and her idol fae hints that the becoming fae is reverseable and that the life span is definitely longer than normal. **The Fae The Fallen paranormal book** What it still does not say is is that normal or just special to her that she has a longer life span? And how does one reverse being fae? Didn't you become a new species to say?? And that is just one part of the world! The magic system too confuses me!! It is all based on touch-magic which was a new thing to me I think I even like the initial idea that you have to touch the object or person before you can use whatever power you have on them. **Kindle The Fae The fallen king** Shouldn't he as a person be so strong that he can punch through a wall? And how does it work for him does he first have to touch you normally before you'd feel the full punch? If yes what happens if he just punches you right away is it normal punch-strength or supernatural because he touched you while punching? I am so confused. **Fantasy The Fae The fallen** And another thing I didn't get what I felt was important to the story how does this school system even work?? Because Reina and Kai get kicked out of High School during their Junior Year (?) I think I can't quite remember. **The fae and the fallen book** Is it not the middle of the school year? And Kai tried getting into GFA while being in High School lets say he got in would he have transferred immediately or started attending it after High School graduation like college? Make it make sense! The only thing I could gather was that GFA is attended by all kind of age groups and it seems they don't have normal classes so I don't think Reina and Kai get their High School degree there. **Book of the fallen book** BUT you were 13/14? And for at least 4 years Kai was only an asshole to you and you still love him?? WHY? She makes excuses for his behavior because of the history between them all throughout this book and I don't get it. **EPub The Fae The fallen timbers** Yes she is still a teenager a kid but still Kai never tries to amend either so no I don't like nor do I believe that she would still like him and I don't care how hot he is either. **The Fae The Fallen ebook3000** And in this society the elites rule nothing like that he says himself that he likes torturing and bullying her and that she deserves it all because she still believes she will get powers at some point too. **The fae and the fallen** We get his POV we get his feelings unfiltered through another character and he LOVES hating Reina without a reason what so ever! And later when they get into GFA he kisses Reina and starts liking her again but WHY? What changed after your test to get into GFA? There was no moment of friendship where only she could help or him seeing he was awful to her. **The Fae The Fallen paranormal book** HE DOESN'T EVEN REFLECT! There is never a moment when he apologizes to Reina never! And I am to believe he likes her and has grown as a character just because he does not go out of his way to torture Reina daily again? The only time I agreed with him was when he said he was too good for her. **Book of the fallen book** So with all this negativity why did I give this book two stars? One because the two voice actors for the audiobook were great listening to them was easy even though I was cringing so hard by the book sometimes. **All the fallen book review** Not because of the ending (this is not even a real cliffhanger because it is so predictable what happened I wasn't even shocked) but I want to find out if maybe Reina and Kai could grow on me. **EBook The Fae The fallen god** Not only is it an Academy that creates the Fae (nope not telling you what I mean by that!) but one that just may not have the best interests of the students in mind. **PDF The Fae The fallen kingdom** Gotta love them! Take 2 kids who have known each other since they were young give them similar ambitions but have one be Gifted and one be a Serf (normal ungifted human) and there's no way we can expect that to go well. **The Fae The Fallen fantasy name** The problem is the most dangerous guy at Gifted Fae Academy is the one I

want to touch more than anything even as I draw the attention of the school's most gorgeous Apprentice Fae. **The Fae The Fallen fantasy pdf** When my entry exam leads to the revelation that I may not be as Ungifted as I previously believed... well... surviving until graduation might prove harder than I thought—particularly when a certain fatal touch may be worth the risk. **The Fae The Fallen epub file** → Tropes ← Upper YA Fantasy- Fae Academy- Childhood Friends to Enemies to Friends- Hate to Love- BIPOC rep- No spice here (but maybe in the later books)☐Safety: Mention of death of parents (FMC is an orphan) OMD/ FMC has a relationship with someone else no cheating MMC slightly bullied FMC at the beginning☐Free Audiobook: 1st person dual POV and narration<https://www.> **Book of the fallen pdf** __Reviews: __ Book 1: The Fae & The Fallen Book 2: The Brave & The Broken Book 3: The Strong & The Stolen 275 I thought that this book was good 275 *FREE AUDIOBOOK* The Fae and The Fallen audiobook is now FREE on my YouTube channel! <3 <https://www.> **Fallen book pdf download** When the pair tests to get into the academy one of the professors sums up the difference between Raina and Kai perfectly: "One looking out for himself the other striving to protect others..." She tilted her head,

And it is normal that they bully and hurt the surfs. **Face falling off meme** And as a new elite Kai revels in the fact he is now the one with power and the one who sends others in the infirmary: **The Fae The Fallen kindle app** I kinda get this because wanting to be popular and accepted and loved by the cool kids is what I wanted at that age too: **The fallen series book** What I don't get is the overnight switch from him liking Reina romantically and torturing her the next day just because now he has powers: **The Fae The Fallen paranormal book** Just something that reflects him wanting to be a fully accepted elite but still the guy who was besties with Reina. **The Fae The Fallen fantasy baseball** But no.

The Fae The Fallen epubor

Entertaining as hell 275 I received a free audiobook copy from the author in exchange for an honest review, **The Fae The Fallen paranormal book** All opinions are my own! When a majority of the population is gifted with touch magic it's best to keep your hands to yourself. **The fae and the fallen book** But that's much easier said than done especially for Reina who is an ungifted serf. **Fake falling in grocery store** Reina is also warring with her own passion for her childhood best friend turned bully Kaito and the school's most gorgeous magical apprentice: **The fae and the fallen** After taking the entrance exams to Gifted Fae Academy Reina finds out she's not as ungifted as she thought: **All the fallen book book** But navigating classes relationships and strange new powers is already complicated enough without adding a hero complex all fae seem to possess, **Fake falling in grocery store** Kaito and Reina find out that things may not be as well as they seem with the fae in charge: but who is right the insurgents or the fae? I loved this academy book. **Fallen book pdf download** She's always looking on the bright side and is really funny. **All the fallen book book** I enjoyed her POV so much as well as seeing her be more confident in herself. **Face falling off meme** I could tell that he cared for Reina but he had a weird way of expressing/repressing it. **Book of the fallen pdf** I wouldn't call this a bully romance but there are some similar aspects. **Fake falling in grocery store** I want to know what the heck happened!! There's not much I can say here without wading into spoiler territory: **The Fae The Fallen fantasy baseball** So I'll leave it at I need answers and I can't wait for book 2! 275 This whole series is available as free audiobooks on Youtube the author uploaded them herself: **EBook The Fae The fallen temple** I found them coincidentally and I listen to audiobooks while working so I started this book without reading the blurb because I liked the cover. **Book of the fallen book** The plot is all over the place the characters are boring at best and down right stupid and toxic at worst, **The Fae The Fallen paranormal book** Also I want

to give a shoutout that Brittini tried something completely new in the fae and academy genre, **The Fae The Fallen epub.pub** She did some things I never read anywhere before like that it is normal here that humans can become fae. **The Fae The Fallen kindle review** We start of with Reina and Kai being in High School then they get into GFA (this elite-training school for future fae) and then they are just there: **The Fae The Fallen fantasy baseball** In the background Brittini starts to build the I guess future main conflict of the series but that doesn't lead to anything right now except the last chapter. **All the fallen book book** And usually the characters start uncovering some things that get revealed at the last part in the first book here they do nothing. **The Fae The Fallen pdf free download** It felt very disconnected from the plot of Reina and Kai thus I as a reader did not care much either: **EPub The Fae The fallen king** The world-building happens almost exclusively in the first part of the book when we are still in High School, **The Fae The Fallen paranormal book** It did not feel like information dumping just so we have it it was woven into what Reina or Kai were experiencing or thinking about, **The Fae The Fallen epub reader** But this world has a lot of questionmarks that should not be there. **EPub The Fae The fallen timbers** Some withheld information can make the plot more interesting or is part of the big reveal-part of the plot but here there are no reasons to withhold the information. **Fallen book pdf download** and they immediately get into GFA and start classes right away as well, **Fantasy The Fae The fallen kingdom** The idea behind that was good as this book was supposed to be more focused on them as characters than the big conflict. **Book of the fallen pdf** Which did not work because these two and Kai in particular are awful! Lets start with Reina because I liked her more than Kai: **Face falling off meme** She is not a bad person and the most fleshed out in her backstory and reasoning. **The Fae The Fallen fantasy** Reina is one of these people who do not give up on their dreams: **EBook The Fae The fallen kingdom** For example she thinks she doesn't have powers but still believes they are just manifesting late: **Fake falling in grocery store** And that part is adorable about her also the part with her parents and she losing them had a lot of good developments in how to handle grief, **The Fae The Fallen paranormal book** I thought that was written very well and I could see Reina growing from it too: **EPub The Fae The fallen** What I hated was how naive and gullible she was in everything to do with Kai, **Book of the fallen book** Yes she was crushing on him in middle school and he liked her back they were best friends too. **The fae and the fallen book** So I read from the author that wrote Kai as an ass on purpose to have him change and grow over the course of the story, **The Fae The Fallen paranormal book** If that happened I would not be so harsh on him or Reina still liking him I like these kind of stories, **The Fae The Fallen fantasy 5** In middle school his powers develop and they are very strong and unique in this world. **Book of the fallen book** So his status grows from 'surfer' who is powerless to 'elite' these are people with strong powers. **The Fae The Fallen epub.pub** No he kissed her and decides he likes her again while still thinking awful things about her: **The fae and the fallen** And later when Reina has a nice boyfriend he is a dick because someone else took the toy he abandoned and now he wants that toy again, **The Fae The Fallen paranormal book** Two because I liked the new things Brittini tried in the book and she at least made me curious of the second book: **The fallen novel series** And I have a lot of time while working to listen to the audiobooks: **Face falling off meme** If I would've read this as an actual book I would not have finished it, **EBook The Fae The fallen king** I am really sorry for this negative review! 275 Ok where to begin: **The Fae The Fallen pdf book** First let me say that as my first taste of an Academy book I had a lot of fun with this one. **The Fae The Fallen paranormal book** The characters were well developed which helps any book but Academy books in particular: **The Fae The Fallen pdf reader** And the storyline was different from what you'd expect from an Academy book which also helped to make it unusual enough that it definitely held my attention once it got going. **The Fae The Fallen fantasy baseball** Academy books have become such a *thing* that you would have to wonder what can be done that's new? Well I'll tell you. **Book of the fallen pdf** You can take the idea of an Academy for the powerful and make it yours: **The Fae The Fallen epub or can we?** Does childhood friendship mean friendship forever? These 2 Reina and Kaito certainly put this to the test: **The Fae The Fallen pdf editor** These are our main characters but by no means

our only characters. **Face falling off meme** There is a wonderful phalanx of teens coming into their own each in their own way. **EBook The Fae The fallen** The Gifted Fae Academy is unusual in that it isn't just for teaching our youth how to control their powers, **The Fae The Fallen fantasy baseball** The Fae are revered in the world outside and the Academy is there to make sure that stays the case, **EPub The Fae The fallen london** And while life seems to begin and end at their gate and the outside world not allowed past that doesn't stop the outside world from moving on in its own way. **Book of the fallen pdf** Some feel perhaps they've been given too much power too much autonomy. **The Fae The Fallen paranormal book** There are intrigue controversy and personalities galore in this first book of a new series, **The fae and the fallen** And being outside the genre the author originally chose as her own Fantasy hasn't stopped her from giving a new genre a chance: **Fake falling in grocery store** The characters in particular pulled me in and wouldn't let go until I got to the end: **The Fae The Fallen epubor** This book showed me there is always another's perspective to consider, **The Fae The Fallen fantasy name** And thank the gods for that! This was decidedly well done! Well done indeed! I'm going to have fun with book 2! This was given to me as an ARC: **Face falling off meme** This review is done of my own volition and in my own words, **All the fallen book review** But I do love the authors writing in her other series so this won't deter me from reading more of her books, **Fantasy The Fae The fallen order 275**

vibes but it didn't turn into one, **The Fae The Fallen fantasy name** Both struggle differently have mixed feelings towards each other but still rely on one another: **The Fae The Fallen ebook3000** The Romance aspect of the story is not the complete focus here but still present, **All the fallen book review** 275 I won The Fae and the Fallen in a Goodreads Giveaway recently and loved it. **Face falling off meme** This urban fantasy alternates between Reina and Kai's perspective: **Fake falling in grocery store** I like that the chapters alternate in narration between Reina and Kai especially because Kai comes across as so unlikeable at the start of the story, **Fantasy The Fae The fallen** When reading from his perspective I gained much more understanding and sympathy for his character, **PDF The Fae The fallen order** He definitely has issues what with his parents high and demanding expectations their continual absence and their obvious disappointment in him. **Fake falling in grocery store** However Kai continues to try to live up to their expectations: **The Fae The Fallen epubublishing** He also seems impulsive and quick to react based on emotions, **The fallen series book** Unfortunately he is not in tune with his emotions and often acts out. **Fallen book series book** I was the ultimate dickhead a failure...I understood why my parents never came home, **The Fae The Fallen fantasy art** If I let myself slip up again with Reina eventually I'd break her too, **All the fallen book review** "The love triangle between Kai Reina and another student only seems to exacerbate Kai's unpredictability, **Book of the fallen book** Though he is a mess of conflicting emotions Kai shows moments of tenderness and affection that make you sympathize with his character. **PDF The Fae The fallen** You can see the insecure and abandoned young man who puts on a tough exterior because he's been so wounded by those he loves, **Book of the fallen book** She seems passive especially when Kai (and others) treat her poorly: **Fallen book series book** However she's very intuitive especially with Kai and she seems to know him better than he knows himself: **Fallen book series book** At least that's why I think she doesn't react to his taunting, **EBook The Fae The fallen angel** Her passivity could be construed as weakness but I think it's her strength: **The Fae The Fallen epubor** This is a young woman who has experienced major trauma including the tragic death of her parents and the constant abuse by gifted peers: **All the fallen book book** I think he loves her too but he struggles to define his feelings for her and instead tries to push her away, **All the fallen book review** Take a look at this quote which sums up Kai's insecurities:How could I ask her to choose me when I'm so unworthy? She had the chance to be with someone whole: **Fallen book series book** Someone who was programmed for kindness and I was planning on asking her to wreck it, **The Fae The Fallen fantasy baseball** I was asking her to choose her tormentor over her savior: **Book of the fallen pdf** She holds onto their past relationship and the goodness she saw in him when they were younger, **The Fae The Fallen paranormal book** He's selfish arrogant and entitled and the ways that he tormented her were rotten and mean, **The Fae The Fallen kindle reader** I would not have been able to look past the years of abuse to understand the reasoning behind his torment: **Fallen book pdf download** "Which of those sound like Fae to you?"Another aspect of the story that I found fascinating is the interesting way the author presented differing views of their society. **Fake falling in grocery store** Rewarded for their gifts they have more power money and influence than the serfs: **The Fae The Fallen fantasy guide** This story examines the societal inequities and makes you wonder who is truly good: **Fallen book series book** The line between good and evil is often blurred and I questioned the unfair ways of their society more than once. **The Fae The Fallen fantasy baseball** Some people both fae and serfs disagree with how society is run and want to evoke change: **Face falling off meme** Though I definitely don't agree with their methods I can understand their desire for change, **The Fae The Fallen ebook download** I also like that Reina and Kai see things from different perspectives, **The fae and the fallen** Reina is more willing to accept the ways of society whereas Kai questions, **The Fae The Fallen fantasy baseball** I love books that make me think about things in new and different ways and this part of the story did just that, **The fae and the fallen book** The story ends in a cliffhanger that made me immediately look for the next book in the series, **The Fae The Fallen paranormal book** I'm curious to see what happens to Reina and Kai as their paths move in different directions. **Face falling off meme** I have a feeling she has not experienced the full extent of her power yet and

am curious how she will grow and change in the subsequent books. Reina was such a relatable main character. Also this cover slays. Kaito was a bit more complicated for me. The ending really shook me up. And to put it nicely I did not like this one much. I found this quite interesting. So the plot is weirdly structured. There are even only mildly concerned that fae get murdered. The way the world-building is done is not bad. So that was good. But it didn't make sense to me for some powers. Like this Odin guy his power is Hercules-like strength. Now what infuriated me most where Reina and Kai themselves. The story is told by both their POV switching each chapter. She is a believer. There are memories and feelings I know. With that let's jump into Kai. But Kai doesn't change or grow. And this Academy did just this. Ahhh. ulterior motives. There's so much more to it than that. Not everyone is enamored with the Fae. Some who have come to be known as the Fallen. I didn't think I'd like Academy books. That not all Academy books are created equally. As Always. 275 This book was just ok for me. I couldn't really get into it. Visit www.BrittniChenelle.com to browse her complete catalog including upcoming books. Visit www.BrittniChenelle.com to browse her complete catalog including upcoming books. [My first kiss nearly killed me—literally.](#) Especially if you're an ungifted serf like I am. It contains cursing sexual situations and violence. Their goal is to become Fae and protect the world. But not everything is what it seems. I really liked the POV of Reina and Kai. There is much room to grow tough. And I hope we'll get that in the other books. [youtube.com/c/BrittniChen](https://www.youtube.com/c/BrittniChen). [youtube.com/watch?v=m-axf](https://www.youtube.com/watch?v=m-axf). Kai is an ass a bully and his ego is huge. I understood why I was always alone. Something was broken inside me. There was a darkness I couldn't seem to keep at bay. Reina is the only one who sees through this facade. Reina is a fascinating protagonist. She is understanding empathetic compassionate and strong. She's idealistic and kind. However she perseveres. I also think she deeply loves Kai. He often expresses feelings of unworthiness. For me. Reina is the opposite. She's a better person than me. I would never have defended him and become his champion. The people with power are revered by many. I also want to learn more about Reina's power. <https://onebookmore.com/2020/06/20/re>. 275.
