

something about that first scene where she and Leo connected in the parking lot had really grabbed me and I wanted to know what happened so I kept going. **PDF Muy tentador** I will admit though that the part of the book that had my attention were the Leo/Nora parts and also the Sebastian parts (he's Leo's brother) and there were a lot of in-between scenes that weren't about them (more about Nora and her school friends). **PDF Muy tentadora malbec** I liked how passionate they were about each other I just wish they'd realized it earlier because there was actually only 4% of the book where they are officially together and 3% of that is a sex scene. **Muy tentador epubs air** I liked the direction it was going in but I wish that there had been more of a focus on them after they got together or at least an epilogue set a few months/years into the future to give us a bit more balance. **Kindle Muy tentador leches** 5 stars \*\*\*\*\* For more of my reviews book news and updates: [Main blog: Aestas Book Blog](#) [Facebook Blog Page](#) [Twitter Paperback 3 Bad Girl Stars!!](#) Unfortunately after all the good things I read about this it was just "meh" for me. **Muy tentador ebooks library** And you really don't f\*ck a girl during a whole book while having feelings for another one!! The more I was reading for those characters instead of Leo and Nora: **Ebooks Muy tentadora** I thought Nora's list of "Very Bad Things" was stupid and over the top: **Book Muy tentador** Not to mention that almost everything that could've happened in a typical NA story DID happen. **Book Muy tentador** To be honest I didn't see how her rape molded any part of her character so that whole thing with Finn felt completely unnecessary. **EBook Muy tentadoras isla** I feel generous giving the book 2 stars but one's for effort and another is for the entertainment and truly kickass secondary characters. **Muy tentador ebooks library** Copy provided by Bolero Books via NetGalley

**tentador** A troubled young girl meets a hot albeit older guy (he's 25 and she's 18 and still in high school) they have that connection and undeniable attraction: **Muy tentador epublising** It's kismet right? Don't get me wrong there are things that I really liked, **Book Muy tentador** But somehow the things I didn't like just overwhelmed the things that I did like. **Muy tentador contemporary kitchen** Well that becomes a given when one of the reasons why you didn't like the book was because of the main characters themselves: **Muy tentador pdf drive** You lost your parents you had to grow up fast and take care of your brother and all that but seriously? All that self-loathing and guilt was just too much. **Muy tentador contemporary definition** His whole I-don't-want-to-love-because-I-don't-want-to-get-hurt thing got old really fast. **Book Muy tentador** It took the whole book before he finally got his ass out of his head and by the time it happened I just didn't care anymore. **Muy tentador kindle paperwhite** Although again the self-loathing and the guilt was too heavy for me. **Kindle Muy tentador leches** I do understand why because of all the horrible things she went through. **Book Muy tentador** But I have to admit at the very beginning I failed to understand the logic behind her actions and decisions. **Muy tentador kindle reader** She doesn't know who she is anymore so she decided to become a bad girl. **Book Muy tentador** Huh? But as I've said she did grow on me and I ended up respecting her character. **Book Muy tentador** Not that I like her chasing after him after being rejected multiple times but at least she was honest about her feelings, **Book Muy tentador** I just felt that there were so many things that took too long to be resolved and when they did get resolved it felt rushed. **Ebooks Muy tentadora** It was hinted throughout the book but when it was revealed it was anticlimactic. **Muy tentador ebooks aha** Even Nora's relationship with her mother was swept under the rug: **PDF Muy tentador** Loved the cover though and the secondary characters were pretty awesome, **Muy tentador kindle reader** But hey even though this was a disappointment for me who knows you might like it better than I did, **Book Muy tentador** Paperback 2 stars!^because Leo's "stupid on a stick. **Muy tentador epub reader** However not even all those great book qualities can mask the inherently weak storyline and flaws that made it nearly impossible for me to finish let alone enjoy. **Ebooks Muy tentadora** This book boasts one of the WORST heroes I've ever read, **Book Muy tentador** Actually labeling him as hero is too nice since he doesn't act like one until the very end, **Book Muy tentador** I liked Nora significantly more than Leo but she still got on my nerves too: **Muy tentador epub reader** This chick is way too clingy and needy - constantly voicing her love for Leo and he rejects her EVERY. **Muy tentador pdf converter** So overall I did like some of it but it wasn't a 100% fit for me: **Muy tentador ebook** The story follows Nora an 18 year old high school student who is suffocated by her mother's constant and stifling need for perfection and one day she just reaches her limit, **Book Muy tentador** From this point on she is determined to be as bad as she can be. **Book Muy tentador** And it starts at one of her school speeches where she publicly tells everyone to fuck right off (teehee it was kind of awesome): **Muy tentador pdf drive** This is the first time that Leo sees her and he's drawn to her, **Muy tentador ebook reader** He knows (or rather thinks) he shouldn't be because he's the 25 year old guardian of his brother who attends her school: **Kindle Muy tentadoras isla** Besides he's the love 'em and leave 'em kind and in his own words has never met a girl I couldn't say goodbye to. **Muy tentador bookworm** until finally towards the end he realizes the error of his ways and that they might actually be perfect for each other: **Muy tentador epub air** Ok so except for the fact that he kept on rejecting her over and over and over and over again I actually really liked Leo: **Muy tentador epublising** The rest of him (minus that element) was absolutely the kind of guy I'd fall for, **Book Muy tentador** He was swoony and protective and certainly made my heart flutter in nearly all the times he was around: **Book Muy tentadora malbec** But I hated that for the majority of the book he was sleeping with someone else: **Book Muy tentadora malbec** Don't get me wrong he was not cheating since he and Nora weren't technically together while that was happening but it still really bothered me, **Muy tentador epub air** In all honesty I did consider putting the book down in places but at the same time there were certainly parts of it that gave me butterflies. **Muy tentador contemporary kitchen** It was addictive I have to give it that and I was curious enough to see where the Nora/Leo side of the story would go that I wanted to see it through

to the end, **Muy tentador bookworm** Personally I felt that the story would have been stronger if some of those in-between scenes had been cut down in length: **Muy tentador ebooks aha** The message was that having physical things isn't what brings you happiness that comes from the inside and from being true to yourself. **Muy tentador pdf converter** those are the precious things in life and sometimes you have to fight to be able to hold onto those. **Muy tentador booker** Finally they both admitted and gave into what we all knew from Chapter 2: **Contemporary Muy tentadora** Despite the fact that it took them 95% of the book to get there it still did make me swoon because like I'd said I couldn't help but be drawn in: **PDF Muy tentador** it was very sudden and basically a complete 180 turn from we can never be together to we will be together til the day we die. **EBook Muy tentadoras isla** Oh and WARNING: and really this was my fault 'cuz I guess should have looked more closely at the table of contents before reading but: **Muy tentador epublising** the book ends at 84% on my kindle because there are seven previews for other books after it!! So just be warned, **Muy tentador pdf merger** Overall I hovered between 3 stars in some places and 4 in others and am rounding it off to 3: **Muy tentador contemporary kitchen** A lot of other readers are absolutely loving it so who knows you might too. **EBook Muy tentadoras isla** Pressured by her mother she is popular belongs to every club in her prestigious academy and has perfect grades perfect style and perfect behavior. **Muy tentador epublising** But after something that happened to her on the past she feels ugly inside and she is done with being the perfect girl. **Muy tentador pdf merger** Except she doesn't know who the real her is and so she creates a rebellious Nora that doesn't put up with anything. **Muy tentador kindle paperwhite** The older brother of a friend of hers and 6 years older she immediately becomes attracted for him, **Muy tentador pdf merger** But after losing so much in life Leo doesn't allow himself to fall in love. **Kindle Muy tentadora malbec** But Nora is persistent and wants him and she's decided to let him know that they're made for each other even if he doesn't believe that: **Contemporary Muy tentadora** Well thank God for the supportive characters who were awesome because the heroes were a great disappointment: **PDF Muy tentadora** I'm sorry but you DON'T go after a guy that already told you no more than once, **Book Muy tentador** And Leo start it out really sexy and soon became a coward asshole, **Kindle Muy tentador leches** But oh well it was an enjoyable reading so if you are into this type of books perfect student perfect manners etc...), **Muy tentador ebooks library** When she blanks out in front of a crowd at school and curses the school and everyone in the audience: **Muy tentador ebooks aha** The Hero(es): Leo Tate - He lost his parents seven years ago when they were murdered by a carjacker, **Book Muy tentador leches** He became the guardian of his younger brother Sebastian and recently they moved to the area to open a new Gym, **Muy tentador booklet** Sebastian is starting school at Briarwood Academy for his senior year, **Book Muy tentador** Though after getting to know her she tells him how she was sick prior to entering kindergarten and is nearly 19 years old. **Muy tentador booker** However despite the fact that her age is no longer an issue Leo still won't start anything with Nora because he likes girls that know what to expect from him. **EBook Muy tentadoras isla** After losing his parents Leo doesn't want anything to do with Love since it is just a precursor to pain when the object of your affection leaves or is taken from you: **Muy tentador bookworm** The narrators were perfect for the characters and I really enjoyed the story. **Contemporary Muy tentadora** There was a lot of pining but I like the pining stage especially when it isn't just one sided, **Book Muy tentador** There were several super steamy scenes and I like that the Hero's in the next few books were set up in this book but not the heroine's: **Book Muy tentadora malbec** I tend to like a new couple in each book not two known main characters so that their story starts in a prior book: **PDF Muy tentadora malbec**

Feel free to stalk her online. 5 stars This was me before I started the book. How sad... 4. The drama llama came to town and didn't leave. Especially the issue of her half-brother Finn raping her. Paperback Hmmmmmmm. 3. I felt nothing for it. She's a beauty queen. She's super intelligent. She's super rich. She is an accomplished pianist. She's little Ms. Perfect. Or. JEALOUSY. NOPE. Nora Blakely is in a class all on her own. Darcy is her ultimate hero. Feel free to stalk her online. Darcy is her ultimate hero. And then. Yeah. The plot had a lot of promise. Let's start with Leo. There is no easy way to say it. Leo was a big p\*ssy throughout the whole book. Dude I get it. He was the weakest hero I have ever seen. At least Nora got her shit together halfway through. She was stronger than Leo in my opinion. I got to give her that. Case in point Nora's abuse at hand of her brother. Even the confrontation between Finn and Nora felt rushed. And then suddenly her brother died in a car accident. Pretty convenient in my opinion. After their confrontation we get nothing. But overall it didn't work for me. So definitely give this book a chance." Anyways this book was truly a disappointment. The writing was at-times brilliant and I never felt bored. 1. Not cool dude. 2. SINGLE. TIME. Stop beating a dead horse!!!!!!! 3. The secondary characters stole the show. But. I'll explain further. No more good girl no more playing by the rules. And so begins the back-and-forth game. She wants him. He wants her. He holds back. She wonders why. And life goes on. A lot. Friends lovers following your dreams. I will say though that the ending was very sweet. But. So. I just felt it was rushed. 84% is the end. 5 stars. That being said this is just my personal opinion. 3. On the outside Nora is the perfect girl. Now she's going to be herself. Then she meets Leo. And him for her. He just wants a girl that wants no compromise. They both started promising but soon lose their charm. Nora started to get clingy and insistent. Which is definitely not love and forever. She's perfect. Then she meets her soulmate. But he doesn't want her. His gym and his brother are all he cares about. until he meets Nora. Welcome to Briarwood Academy. where sometimes the best things in life are Very Bad Things. \*\*Also part of the Series: Very Wicked Beginnings (1. Natasha is a Book Junkie Ilsa Madden Mills. Watch this name people. you will be hearing it a lot. there was just something special. an epic love story. A Lust for Reading A brilliant debut novel. My Fictional Boyfriend . Paperback More like 2.5 stars. Okay I'm going to start off by prevaricating. hehe. so's you guys (and the author) don't hate me. The most promising part of the book was the premise. And I'm not saying that lightly. This chick has been a robot. It's BAD. She's not really even sure who she is exactly. and let me tell you folks it's a doozie. Now I'm a Fort Worth Texas resident. we're the redneck cousin of Dallas. everyone around here knows it. Literally up until the very end. Um. NO. Huge no-no for me. this hero fucks another girl for this whole book. I can't stand when a woman begs after a man. Sexist? Yes. My apologies. I want the man to do the begging and the chasing. she says it over and over again. Both Nora and Leo have a bad case of insta love. Thing is I totally like insta love. I think it's romantic. so yeah I truly believe in love at first sight. But not much talking about anything of importance. I didn't know them well enough. That's it. Who suddenly decides to just go crazy. not to mention that she plans it all out. It was just so. either in anger or tears. Soooo many times. It was a wash rinse repeat in a different setting. these two boys were the levity in this book. She wants to become a self proclaimed party animal. THIS book has no emotions No story-story as such. I see NO base plot. LIKE Oh did you know. My brother kept raping me. He took pictures. Oh and mother knew and did nothing. the father

did nothing. sat into his Merc and drove off. just feeling angry for her. THATS FUCKING IT. Thats how fucking unemotional/emotionless this book is. Girl finds guy hot Guy finds girl hot. They have a 6year age difference so he's hesitant. She become like some bold whore when around him. otherwise is a spineless BEE. I don't like commitments. I can't love someone and then lose them." - LeoIts stupid. Because he was fucking dumb. she loves him. Even when shit happen in the book I felt nothing. I was like. MEH. wtv. fuck it. "As soon as forever is gone I'll be over you. No hope. 'But overall the best education he can provide. Briarcrest Academy is that place. blogs.
