The Assassins Daughter (The Hybrid

Chronicles #1) 3 star This was a fun fast paced read with a strong father daughter relationship. **The assassin's daughter book** As someone who worked with children's services the fact that Lenna's secret identity is supposed to have bounced from foster home to foster home but have been home schooled struck me as ridiculous. **The Assassins daughtereys** I would definitely recommend this author and I look forward to reading more from her! Happy Reading! The Assassins Daughter (The Hybrid Chronicles #1) 3/5 stars This book was a quick and easy fun read.

The Assassins daughtereys

It could just be a not right book for me scenario. **The Assassins daughtering** I'll still continue the series since I want to know what happens next for Luella, **Assassin's daughter book jason statham** The Assassins Daughter (The Hybrid Chronicles #1) *Source* Kindle Unlimited*Genre* Urban Fantasy*Rating* 3, **The Assassins daughterboard** 5*Thoughts*The Assassin's Daughter is the first installment in author Shana Vernon's The Hybrid Chronicles: **The Assassins daughterboard keyboard** Lenna Turgenov's father Alexei is an assassin who works for the Guild: **The Assassins daughterliness** The Guild is an ancient organization of assassins who accept contracts against the worst members of society: **The Assassins daughterliness** The humans or vampires the Government either won't or can't touch: **The assassin's daughter** Wish it didn't end on a cliffhanger but others wise it is well written and captivating, **The Assassins daughtering** If they found out who she really is they would kill her, **Assassin's daughter book jason statham** Will Lena's secret stay a secret? Will she under cover what's really going on at the guild? Read the book to find out. **The Assassins daughterly** Will learning the truth cost her everything? Lenna entered the guild under a secret identity because if they found out who she really was it could get her killed. **The Assassins daughterboard** As they each learned about their powers and the world of rogue vampires the stakes grew, **Assassin's daughter book jason statham** It wasn't the first time they had met and if he recognized her it could be deadly. **The Assassins daughtereys pub** She was willing to risk everything... ..but finding her father wouldn't be easy. **Assassin's daughter book jason statham** Something was going on at the Guild and she needed to get to the bottom of it: **The Assassins daughterliness** There was only one chance for Lenna to get answers and the odds were against her. **The assassin's daughter book** Could she count on her new friends? You'll love this diverse cast of this new series because this Adult Urban Supernatural Fantasy has wonderful characters you'll adore, **Assassin's daughter book jason statham** I loved the snarky attitude of our main girl and her friends and also really loved how fierce she is and committed to finding her father: **The Assassins daughtercard** Blog • YouTube • Instagram • Facebook • TwitterThe Assassin's Daughter is the very first installment in the The Hybrid Chronicles by Shana Vernon, **The Assassins daughtering** Exceptionally written and riveting it sets the stage for a highly promising brand new series: **The Assassins daughtereys pub** The PlotLenna is the secret child of a Guild assassin who has gone missing, **The Assassins daughterly companions** However along the way she discovers much more than she ever imagined gaining friendships and unexpected allies as well as dangerous enemies. **The Assassins daughterboard keyboard** The CharactersOur main character Lenna is a great heroine with so many amazing powers, **The Assassins daughterhood** She is fierce she is loyal and ready to go to great lengths for her father and loved ones. **The assassin's daughter book** The World BuildingThe world building is really good with a great magic system and so many paranormal creatures and entities intertwining: **The assassin's daughter** Basically there are humans assassins with special abilities and vampires but we soon discover that there is much more to that, **The Assassins daughterly companions** Plot twistsOne more thing I deeply enjoyed in this book was the fact that there were so many plot twists: **The Assassins daughterliness** Just when I thought I knew what to expect of the plot a new revelation would come to light and shock me to my core. **The Assassins daughtering** I really enjoyed the Guild and learning all of the secrets, **The Assassins daughterly companions** The insta love was a bit too much for me personally and felt forced: **The assassin's daughter jason statham** That's just my

personal opinion though I've never been one for insta love, **Assassin's daughter book jason statham** The Assassins Daughter (The Hybrid Chronicles #1) An interesting idea that failed in execution: **The assassin's daughter** This story just lacked—lacked character development lacked world building lacked plot structure lacked tension and lacked interest, **The Assassins daughtering** There was no real tension the dialogue was weak there were plot holes galore and the MC was flat and one dimensional: **Assassin's daughter book jason statham** I was not rooting for her and really I just wanted her to go away: **The Assassins daughtercard** I finished it because I was hoping to be surprised at some point that would turn this story around and make it at least a slight bit interesting: **The Assassins daughterly** No big surprise at the ending and I won't be continuing this series, **The Assassins daughterboard** The Assassins Daughter (The Hybrid Chronicles #1) This is essentially an academy novel though I don't think that's what the author set out to write. **The assassin's daughter book** And I think that's part of why I didn't get along with this book: **The Assassins daughterliness** It didn't know what it wanted to be so it was just too many thing: **The Assassins daughterhood** I don't remember any big editing mishaps and the cast is diverse, **The Assassins daughtering** Plus the plot seems like it has a kernel of a good idea, **The Assassins daughterly companions** Several were in the military and all had finished at least high school: **The assassin's daughter** Lenna is supposed to be some super trained assassin but she's basically useless, **The Assassins daughterreys** She almost dies several times when everyone else barely got scratches: **The Assassins daughterboard keyboard**) The whole Maximus angle wasn't utilized enough to have been included at all. **The Assassins daughterreys pub** Nothing develops or was allowed to entice the reader things just happened. **The assassin's daughter book** She went to find a dangerous well-guarded vampire and did so within moments. **The Assassins daughterreys pub**) She decided to enter the assassin guild and within a day did it: **The Assassins daughterkin** She walked in the door exactly as they were starting a new training class (there was no indication that she did this on purpose) and just joined la-di-da. **The assassin's daughter book** The guild just handed out the superpowers the same night despite not knowing her, **The Assassins daughterreys** She immediately made friends (revealed her closest held secret) and found an insta-love: **The assassin's daughter jason statham** Lenna twice (TWICE) accidentally stumbled across people discussing secrets for her to overhear and eventually finds her father by accident, **The Assassins daughterly** And on a personal irritant level two small things especially irked me, **The Assassins daughterreys** It's unlikely that most states would even allow it and it would be basically impossible to find multiple foster parents who were willing and able to home school: **The assassin's daughter jason statham** They have too much else on their plate! I realize this is a small thing and it's a fantasy book. **The Assassins daughterless** But it was mentioned several times and I called BS every-time which pulled me out of the narrative, **The Assassins daughtering** Then there was the little rich girl character who Lenna disliked and disparaged because she was like Daddy this and Daddy that, **The Assassins daughterling** But the whole time Lenna was like Papa this and Papa that and I was like You're the same so maybe shut it with your attitude, **The Assassins daughterreys pub** Oh and I hated—HATED—the ending! I wasn't surprised by it but I still hated it. **The Assassins daughterless** All in all this is an intensely YA novel even if it's not meant to be. **The Assassins daughterreys**) The Amazon blurb calls it an Adult Urban Supernatural Fantasy which is the only reason I accepted it for review but I can't see that as true: **The Assassins daughterless** By 40% I was fighting the urge to skim and by the halfway mark I'd given in and skimmed the rest (which isn't something I do often), **The Assassins daughterling** The main character is a really likeable person even though she grew up as a loner: **The Assassins daughterly** I enjoyed all the action in the story and the budding romances were not expected at all, **The Assassins daughtering** For a debut author she did a really great job with the characters and how they developed into the story, **The Assassins daughterly companions** I definitely was interested in the main character but the side characters and the love interest never had me fully interested: **The Assassins daughterhood** I feel like this book would benefit with expanding more on certain aspects. **The Assassins daughtering** Its a short book Alexei's been missing for 14 days and the only person who

may have any idea what became of him is the head of the Russian Brava Maximus Chernov. But.

The Assassins daughterling

And Maximus is also a powerful vampire.*Full Review @ Gizmos Reviews*<https://gizmosreviews.blogspot.com/20>. The Assassins Daughter (The Hybrid Chronicles #1) Really good. Can't wait to read more. Lenna is an assassin. She enters the guild under a false identity. She needs to find out what happened to her father. But she had no choice. She had to find out what happened to her father. Lenna couldn't afford any romantic distractions. Cade her instructor though was hard to resist. The Assassins Daughter (The Hybrid Chronicles #1)3. Loved seeing all the different types of powers manifest. Mostly I was bored. Yes a book about an assassin's guild was boring. Yet I finished the book. But nope.poorly.The writing is pedestrian but readable. That's about all the nice things I have to say.The characters are supposed to be in their 20s. But they literally felt 16.which made the sex feel a bit out of place. (These injuries felt overblown though. And worst of all the plotting was non-existent. (Though this at least is later explained. There is no nuance or delicacy here. That just isn't possible. I found Lenna really unlikable in such moments. (YA not even NA IMO. All in all I didn't particularly enjoy it. I'd have DNFed it if I hadn't committed to reviewing it.But to be fair the book as plenty of good reviews. So It really was an excitingly fast-paced read. Oh.
