Ok I think the most important thing to know going in is that Cold Blooded Alpha is the first half of a bully romance duology and it's told in the FMC's POV. **Cold-Blooded Alpha fantasy map** By putting us so close to the female victim our understanding of the relationship is restricted and we're also in the dark about whether the bully is turned on or just out of his mind which adds incredible tension to the story. **Fantasy Cold-Blooded alpha 1** Before she ever lays eyes on her mate the FMC has been deeply traumatized by years of physical and psychological abuse sexual harassment and the ever-looming threat of sexual assault and group bullying. **Kindle Cold-Blooded alphanumeric** After all it's entirely possible that a traumatized person might be encouraged or excited by an antagonistic relationship with someone who felt fundamentally safe particularly if their traumatizing environment didn't permit antagonism (there are A LOT of dark romances built on this concept). **Fantasy Cold-Blooded alpha 1** Cold-Blooded Alpha (Cold-Blooded Alpha #1) Cold-Blooded Alpha By Eve Bale Physically and emotionally abused by her uncle the alpha used her and otherwise treated her just made me hate him up until literally the last chapter when he finally started to open up to her.

RTC! More focus on trauma than Eve Bale's Rejected Mates series but less angst porn, **Cold-Blooded alphausa alpha** 5* Been a while since I read this one but I know I liked it even though it's a cliffhanger: **Cold-Blooded alphax** The H's the 'cold-blooded alpha' while the 'hot-blooded alpha'

in the sequel alludes to the h: **Cold-Blooded alphaxtraboost101** Can't wait for book two Cold-Blooded Alpha (Cold-Blooded Alpha #1) ****Cliffhanger Alert****I think this book would fall under the bully hero genre that is so popular lately, **Cold-Blooded alphaviril** Talis has been abused by her Uncle the Alpha but it advanced the plot: **Book Cold-Blooded alpha** There was also a lot of back and forth he pushes she pulls away he pushes she gets pissed but pulls away on repeat, **Cold-Blooded alphausa alpha** We also never get the H's POV so we don't know what he is thinking unless he tells us. **Cold-Blooded alphanumeric** I got frustrated with the amount of conversation ***not*** happening between the H/h: **Fantasy Cold-Blooded alpha lipoic** I do think the UST was pretty good and the h/H were both very appealing characters: **Book Cold-Blooded alphaeon** For a KU shifter book I read it all day and really enjoyed it. **PDF Cold-Blooded alphanumeric** It does end on a cliffhanger but the next book is already out so I picked it up and will let you know what I think. **Kindle Cold-Blooded alphabet lore** I have no idea about the H-nothing is ever said about him, **Book Cold-Blooded alphanumeric** UPDATE I found a paragraph in book 2 that lets us in on the H's sexual past, **Cold-Blooded alphanumeric meaning** Talis was so bright so alive that the few women in his past he'd ever imagined he had a future with paled in comparison. **Book Cold-Blooded alpha** Please note that it doesn't say that he's been with few women only that there have been few women whom he imagined a future with, **Cold-Blooded Alpha kindle** Since I have no idea of his age I'm going to hope that all these women in his past are from before he saw and became enamored with the h: **Cold-Blooded alphayi owl** There is mild OW drama as the h sees a beautiful woman in the pack laughing with and touching the H and he looks at her lovingly: **Cold-Blooded alphax** Cold-Blooded Alpha (Cold-Blooded Alpha #1) TALIS Caged... The wolf within me wants to break free run free and be free. **Cold-Blooded alphayi owl** Years of abuse neglect and downright torture at the hands of my uncle have stifled and shut down the shifter side of me: **Cold-Blooded alphazero** After all nothing comes from unleashing the feral beast inside of me that's fighting for release. **Book Cold-Blooded alpha** Suddenly married by arrangement and trapped in a new pack with virtual strangers my wolf within refuses to hold back, **Book Cold-Blooded alphalete** And Dayne the alpha of the pack doesn't make it easy to stifle my beast—or my desires. **Cold-Blooded alphavps** Ugh the abuses Talis went through at the hands of her uncle (and her pack) in the beginning of this story were so heart wrenching and heart breaking: **Book Cold-Blooded alpharetta** And then when her asshole uncle gives Talis to scary ass alpha Dayne and Dayne treats her like a servant rather than a mate: **Cold-Blooded alphamarts** I loved the jealous angst created by the other woman in Dayne's life and the results that jealousy creates. **EBook Cold-Blooded alphabet lore** The story was great and I'm now onto read the others in this series, **Cold-Blooded alphaviril** This story is perfect for anyone who enjoys rejected mate type of stories: **Cold-Blooded alphayi owl** Cold-Blooded Alpha (Cold-Blooded Alpha #1) ****cliffy alert-** the first 2 books in the series follow this couple****This combines two of my fav tropes...** Arranged marriage and shifters, **Cold-Blooded alphausa alpha** The book opens at the claiming/mating ceremony between Dayne and Talis where they've just met for the first time: **Cold-Blooded Alpha ebookers** It's very clear from the start that Talis has been severely abused by her uncle and his pack: **Cold-Blooded Alpha fantasy island** Dayne is quite cold and there's a whiff of potential OW drama but I knew things weren't as they seemed and I couldn't wait for answers. **Cold-Blooded Alpha fantasy island** I really liked Talis and found her quite strong even though she was shaking and hiding behind her hair a lot, **Cold-Blooded alphanumeric meaning** What kept this from being a 5□ is the lack of progression of the plot, **Cold-Blooded alphanumeric meaning** We are stagnant for a huge chunk of the book stuck in a pattern of... He pushes- she cowers runs away to hide- avoids him for a couple of days-repeat, **Fantasy Cold-Blooded alpha lipoic** Bottom Line- I really liked it but wish there was more forward movement: **Book Cold-Blooded alpha 1** As I'm writing this I've already read the second book and IMO this would've worked a lot better as one book without all the repetitive parts. **Cold-Blooded alphavps** Cold-Blooded Alpha (Cold-Blooded Alpha #1) I'm going to sound like a presidential candidate: I liked this. **Book Cold-Blooded alpha** I love bully romances (no shame in my game) but exclusively reading from the victim's perspective is. **Cold-Blooded Alpha kindle app**

I can definitely see the advantages of using this structure though: **Book Cold-Blooded alpha 1** It's a lot more interesting if we're kept guessing alongside the FMC (The Hating Game is the ultimate example of this): **EPub Cold-Blooded alpha** However it can still feel like being put through a meat grinder when readers are confined beside a character who is constantly being disempowered: **Cold-Blooded Alpha ebookers** To minimize the discomfort I think it's helpful if the victim is highly empowered to begin with (Just Drop Out by J. **Cold-Blooded alphavps** Bree) or discovers power through a disempowering relationship (The Bully by Sophie Lark): **Book Cold-Blooded alphaeon** Cold Blooded Alpha is clearly aiming for the latter and fell short for me. **Cold-Blooded Alpha booklet** The MMC whisks her out of that environment through an arranged marriage only to continue to isolate humiliate and intimidate her himself. **Cold-Blooded Alpha paranormal tales** As I mentioned above this book is suggesting that his bullying is curative rather than punitive: he's antagonizing her into confidence: **Book Cold-Blooded alpha** The FMC doesn't feel encouraged or excited only further isolated humiliated and intimidated and the reader is right beside her -- and only her -- for all of it: **Book Cold-Blooded alpharetta** So why three stars? I don't quite know how to explain but I liked reading this book, **Cold-Blooded alphausa alpha** I wanted to know the meat grinder's mysteries like what the hell was up with the alpha bully and why he'd rescued our girl. **Book Cold-Blooded alpha** I loved the depiction of trauma it felt much more realistic and honest than other books dealing with the same subject matter (looking at you Shadow Beast Shifters): **Cold-Blooded alphanumeric meaning** There weren't any evil other girls or sex rivals which I appreciated and the sex scenes were hot if somewhat incongruous: the D/s vibe is definitely A Choice here. **Cold-Blooded Alpha kindle cloud** Bottom line: Cold Blooded Alpha is a 500-level bully romance don't sign up if you haven't completed the necessary prerequisites. **Book Cold-Blooded alpha** In fact I'd go so far as to say there is a couple instances of sex but no romance whatsoever in the entire book. **Cold-Blooded alphayi owl** When things finally start to look like they might go in that direction I was blindsided by a totally unexpected cliffhanger ending, **Book Cold-Blooded alphabet** In fact it was so sudden I thought the end of the book didn't download with the rest if it. **Book Cold-Blooded alpha lipoic** To make it more bizarre the author left no note to the readers that the story would continue in a second book. **PDF Cold-Blooded alpha** I knew it was a series but I thought it was a new couple in each new book. **Book Cold-Blooded alphanumeric** In all honesty the sudden cliffhanger left me ticked enough to mark my rating a 2 star instead of the original 3 star I'd intended. **Cold-Blooded Alpha epub** Cold-Blooded Alpha (Cold-Blooded Alpha #1)

Eve is a paranormal romance author from London. It leaped off the page. The book does have some weak spots. I picked up on things pretty quickly. Though her new pack treats her much better. I wish she'd stood up to Dayne more. I intensely disliked Dayne for most of the book. Cold-Blooded Alpha (Cold-Blooded Alpha #1) 3. The sequel - I just could not get into it. Safety h is a virgin. Hero's POV: There was no one like her. So. I'm not really happy with this H. Otherwise he's an a\$\$\$. It's not what it seems but the h does get jealous. But that's not going to happen. Not now. Not ever. But then everything changes. I'm clawing at the cage hellbent on shifting. I couldn't put it down. For me the angst was beautiful. This story is definitely. I was sucked in immediately. It's still a solid read and free with KU. And I didn't. a rough emotional experience. Like using sandpaper as an exfoliant rough. And I think there's a way this could've worked. But that isn't what happens here. Non-stop meat

grinder. The writing was a breeze. This is a VERY slow burn. Apparently not. The book is only in Talis's POV. The angst level is medium. www.evebale.com Eve is a paranormal romance author from London. www.evebale.com [www.evebale.com](#).
