

The Next 365 Days By Blanka Lipińska **The next 365 days soundtrack list** Im not saying that the way he reacted was good or anything just that Massimo didnt get a real chance to not only change but improve himself which he seemed to really want to try and do. **Next 365 days ending explained** I completely understood Massimo's anger and sadness.

The next 365 days vietsub

No one wants to be called someone else's name especially when that is the name of a man that kidnapped his wife which led to putting her in a situation that caused her to lose their son. **The next 365 days kindle download** I understand it s her characters and her story but dont freaking market these books as love stories bc the blurbs on these books are bs and have nothing to do with the fiasco this trilogy ends up being. **The next 365 days trailer** I mean it is one thing to appreciate the attractiveness of someone else while you are in love with one person and something else to be thinking of kissing or making love to that someone else. **The Next 365 Days kindle direct** I DON'T CARE WHO THE FUCK IS NACHO (HE IS MASSIMO'S RIVAL) AND WHY THE FUCK THE AUTHOR DECIDED TO TURN HER STORY INTO SUCH A FUCKING DISASTER AND TURN MASSIMO INTO A REAL MOTHERFUCKING EVIL BUT I WANT MY STORY TO STAY AS I READ. **The next 365 days vietsub** Massimo mourns the loss of his son by going down a dark path of drugs and alcohol while Laura tries to rediscover who she is after the loss of her son and her feeling towards Nacho. **The next 365 days in hindi bookyzilla** I felt like Laura had made her decision about who she wanted to be with before giving Massimo the chance she claimed she would give I feel that the author did a great job explaining how nacho was the light and color during one of the darkest time of her life which transformed into love. **Next 365 days ending explained** Blanka Lipińska Spanish Este libro simplemente lo leí para ver si era cierto que una escritora podrían destruir de una manera tan horrible a su protagonista y desafortunadamente si así es no sólo destruyo la imagen que teníamos de Massimo en los primeros 2 libros si no que de la nada nos sacó a otro hombre que supuestamente era Perfecto para Laura (pero que era exactamente igual a Massimo de los otros libros solo con apariencia diferente) es triste y cruel el final que le dio a Massimo y más que nada es horrible como justifica la infidelidad de Laura diciendo que Massimo es malo ese hombre moriría por esa mujer y en los 2 primeros libros los dejó claro para que venga en este tercero y simplemente me digas que todo fue falso no definitivamente no me lo creo y no acepto ese final tan horrible para Massimo y Perfecto para Laura. **Kindle the next 365 days free** English I simply read this book to see if it was true that a writer could destroy her protagonist in such a horrible way and unfortunately if so not only did she destroy the image we had of Massimo in the first 2 books but out of nowhere He took us out to another man who was supposed to be Perfect for Laura (but that was exactly the same as Massimo from the other books just with a different appearance). **The next 365 days soundtrack list** of Laura saying that Massimo is bad that man would die for that woman and in the first 2 books he made them clear so that he comes in this third and just tell me that everything was false I definitely do not believe it and I do not accept that ending So horrible for Massimo and Perfect for Laura. **The next 365 days book 3 read online free** I liked the first book I thought it was interesting because it has more diverse characters and I hoped it would talk about how it is to fall in love with someone that doesn't have your customs (Sicilian and Polish) mafia and not mafia etc. **The next 365 days turkce altyazili izle** So a basic breakdown of what I think the timeline is? In a YEAR Laura falls in love with Massimo gets married unfalls in love with Massimo falls in love with Nacho and divorces Massimo. **The next 365 days trailer** Who knew right? Anyways after she falls in love with ANOTHER MAFIA BOSS- Suddenly she doesn't have people killing her? The Spanish mafia have no enemies? No one targeting her? Really? In the four months she was with Massimo she had multiple people try to kill her and in five years with Nacho no one has tried to kill them? 6. **The next 365 days cast** A man who needs the support of his wife will feel it if his wife is never there to support him! I think the author put this line in there so that Laura felt better at 'trying' to help her marriage. **The next 365 days book** Blanka Lipińska Man Trouble!The following

ratings are out of 5: Romance: ██████ Heat/Steam: ██████ Story/Plot: ██████ World building: ██████ Character development: ██████ This review may contain minor spoilers from the two prior books. **The Next 365 Days kindle direct** When he saw that woman alive and in his city he kidnapped her and said he would keep her for 365 days and if she wasn't in love with him by the end of that time he would let her go. **The next 365 days x e** I was hoping this was his story and that he found a new woman of his own though I knew that since the last book had a cliffhanger that Laura and Massimo's story wasn't done and the blurb confirmed that so I was a bit confused. **The next 365 days soap2day** I usually hate love triangle's in romance but I know they occur more in movies and TV than in romance novels since many romance readers hate any kind of cheating when two people are in love even if they aren't together as evidenced by more than a few one star reviews I have seen but I kept an open mind going in to this one. **The next 365 days rating** That is all that I will say about the plot of this book since I don't want to give too much away but it definitely is one worth reading and I enjoyed it much more than I expected. **Kindle the next 365 days pdf free** So many romance books take place in one city or even one neighborhood I really enjoyed living the high life vicariously Laura has great taste in designer clothes shoes and accessories and don't even get me started on the motorcycles and cars. **The next 365 days cast** Blog|Goodreads|Facebook|Instagram|Twitter|BookBub Blanka Lipińska Jak to jest być prózniejszym od samego Bukowskiego? Jak to jest być tak próżnym że opisujesz swoje przygody w książce (która nie jest biografią) jesteś jej głównym bohaterem i umieszczasz siebie na okładce? Jak trzeba być próżnym że ciągle mówienie o sobie nie wystarcza i postanawiasz napisać książkę-laurke (hehe) dla samej siebie - pochwałę swojego stylu ciała seksownych ruchów i życia ukrytą pod płaszczkiem pozornej fabuły? Śmiesz mnie też sama autorka która mówi: „i tak widzicie we mnie Laurę to się pierdzielne na okładkę swojej książki” xD („Ten dzień”). **The next 365 days official trailer** Jak ma być inaczej skoro Laura zakłada takie same ciuchy jak Blanka (MIKROSKOPIJNE szorty kozaki Givenchy i krótka koszulka odsłaniająca brzuch wiadomo) ma ten sam wzrost kolor włosów. **The next 365 days ending** Warto też 64 razy podkreślić kolejny raz że wkłada MIKROSKOPIJNE SZORTY - a jakże mogłoby być inaczej! Byłam na spotkaniu z panią Blanką i uszy bolały od tych zasług które sobie przypisywała - kontrowersyjna niczym jak skarpetki i japonki. **The next 365 days book** Były już stereotypy związane z płcią seksem (jak nie brutal to znaczy że nie kocha!) tym razem pani Lipińska postanowiła pokazać że głośne pierdzielenie które uprawia na Instagramie przykrywa tylko okrutną ignorancję. **The next 365 days soap2day** W książce depresję po stracie dziecka naprawią kozaki Givenchy przedłużone włosy wyprawa na imprezę i szczupła sylwetka (tutaj minuta ciszy dla troglodytki Olgi która nie powinna żyć). **The next 365 days ending** Wiadomo - poszukaj sobie zajęcia to depresja minie ☐ Na co też warto zwrócić uwagę podczas najgorszego okresu w życiu córki? A no kochająca matka powinna podkreślić że mężczyzna kocha tylko kobiety wymalowane i nie mające gorszego dnia. **The next 365 days full book dailymotion** Na co zwróci uwagę najlepsza koleżanka Laury po jej stracie dziecka? Na to że Laura jest niezadbana! (Olga po tym jak Laura się pomalowała: już zapomniałam jaka z ciebie petarda!!!). **The next 365 days vietsub** I REFUSE TO BELIEVE THAT! I C A N T B E L I V E THAT! After when I finished the first book because I don't think you've had anything in your mouth today except breakfast. **The next 365 days ending** Just like with the other books the blurb is misleading: it puts a lot of weight on Massimo's choice to save Laura or the baby when in reality Laura never finds out he had to do this in the first place! The romance aspect continues to be questionable with the heroine jumping from one guy to the next while claiming she loves them so much. **The next 365 days soap2day** A lot of abuse & questionable moments are also sprinkled in between scenes of Laura getting drunk (at this point she is an alcoholic you can't convince me otherwise) sleeping crying screaming & showering. **The next 365 days quando esce** On the topic of drinking - she also got a new heart (thanks to Nacho we got no info how he got it; she had no idea she has a transplant despite having scars and stuff nobody thought to tell her either. **The next 365 days part 2**) Laura spends a lot of time lusting after Nacho while complaining Massimo is working (you all know how much she hates men working instead of swooning after her jayjay) and avoiding her. **The next 365 days read online free** At Olga's

wedding Massimo has a new girl & looks like a GOD with beard and longer hair Laura is jealous he tells her he didn't kill the dog that it was actually Nacho that did it. **The next 365 days turkce altyazili izle** Laura categorizes this as getting 'kidnapped' again (not really she went willingly) Olga & Domenico think all is well when in reality she ends up being kept against her will (she found out he killed the dog and is now EVIL). **The next 365 days kindle download** She tries to blackmail him by promising she would kill herself (an empty threat since he can easily tie her up so she doesn't hurt herself) next idea is to come up with an escape plan ruling out jumping off a balcony all Laura can come up with is to seduce Torricelli and wait until he drops his guard down. **The next 365 days release date** The book has something questionable for the way it was *written* at the beginning: Cervical cancer doesn't hurt - It kills you! Do a test so you can continue to live and ENJOY SEX!. **The next 365 daysx xe** Now nothing against a book with a message about a disease but this one sounds so shallow (just enjoy sex? not be with your loved ones and stuff like that clearly for Blanka sex is all that there is to life) & seemingly there to make the author look like she cares. **The next 365 days vietsub** Kolejne 365 dni begins weird: with Chapter 1 that's more like a Prologue since it shows Laura on her birthday getting engaged to Nacho while he sprays her with \$50 champagne & pokes her in the belly with a ring box. **The next 365 days part 2** Some lines from this book that just speak for themselves: Full image The characters: Laura Drinks-Too-Much Torricelli - an absolute hypocrite the most unlikeable character she's worse than Massimo at this point. **The next 365 days part 2** His character is now openly abusive/rapey he goes through moments of feeling bad & trying to treat Laura like she's a porcelain doll though she always manages to push him over the edge. **The next 365 days book 3 pdf download** How uneducated is she really?!- Laura takes over Olga's wedding & acts like she's the victim in all that: they even change the wedding location so Laura doesn't feel uncomfortable Olga has no choice but to agree to everything only asking if her bff would be there to help her get ready (because she has no other friends). **The next 365 days soap2day** - Laura cries over a dog that she herself left unattended: Laura ran away with Nacho & left PRADA on Ibiza she took clothes & shoes but not her dog this is how Massimo got hold of it and killed it. **Next 365 days ending explained** - Laura gives a BJ under the table in front of Nacho's sister (Nacho is totally okay with it) & then proceeds to eat her breakfast like she didn't have semen in her mouth just a second ago. **The next 365 days parents guide** - Laura changes her hair so many times: a hairstylist tells her it might fall of (we never get a proper description of the last hairstyle)- Nacho riding Laura like a pony using her hair as reins between the bleaching & this Laura might actually end up bald. **The next 365 days full book dailymotion** - Massimo's visions turn out to be BS he dismisses them after discovering hypnosis & agrees to leave Laura alone when Domenico tells him desperation isn't a good look on him. **The next 365 days full book dailymotion** A man that spend years in searching suddenly gives up?!- Nacho & Laura escape with Massimo's right hand man's help - in what universe is that possible?- Laura admits to being stupid only to gush about how smart she is in the next scene - she had the idea to google what do to if she's pregnant but had no idea after pills exist. **The next 365 days plot** - Laura's therapist: he is a joke he says Massimo's addiction is his way of mourning the child and that Laura should RESPECT that & she should just let him continue with it if she wants him to come back to her. **Next 365 days ending explained** When she went to the clinic Nacho reacted just like Massimo would: by getting drunk & snapping at her when she got back even throwing a bottle at the wall & running off to swim while drunk. **The next 365 days ebook free download** The story flows painfully slow with long and wordy chapters the timeline is a mess with too many location changes & Blanka sometimes not elaborating for what house she's even talking about (when characters have 100 houses). **The next 365 days netnaja** Lipińska: Blanka Lipińska The global phenomenon and bestselling inspiration behind the Netflix film of the same name - the 365 Days series - continues as it follows the sizzling story of Laura and Massimo. **The next 365 days turkce altyazili izle** What will his life be without Laura? Will he be able to raise their child alone? What will the fate of his family be and whose 365 days may come to a close? The Next 365 Days.

. When she returned to Massimo it seemed like they would have a chance at happiness again until she called him Nacho while they were having a moment together: **The next 365 days soap2day** When she first arrived back he told her that change wouldn't happen overnight because he had been this way for a very long time (meaning his addiction to drugs and alcohol), **The next 365 days bookni tomosha qilish** He only went to therapy twice since she arrived because with him and because of this he went straight to his coping mechanism (alcohol and drugs). **The next 365 days soundtrack list** So I found it sad that in this book he became the enemy when he was clearly in pain from losing everything he loved, **The next 365 days** To me this gave Laura the out she wanted from the beginning but because of guilt she would give him a chance but clearly her thoughts were elsewhere in that moment, **The next 365 days cast** Throughout this book a Laura will give you whiplash she could not make up her mind who she wanted and it was driving me crazy. **The next 365 days parents guide** And depending on who was in front of her seemed to be the one to catch her eye. **The next 365 days soap2day** I know several readers were upset that Laura ended up with Nacho however.

The next 365 days part 2

Every single character disappointed me. **The next 365 days netnaija** I hate giving bad reviews but this story just drained me. **The next 365 days netnaija** It was so hard to see characters that I held such high hopes for crash and burn: **The next 365 days xe** I hope Netflix takes this script and flips it and makes it better for the fans who read the book and hate this ending. **The next 365 days netnaija** Blanka Lipińska I stumbled upon this trilogy because of the actor playing Massimo: **The next 365 days soundtrack** The trailer for the movie and all the pics looked hot so I thought it will be another Fifty but with some twists. **The next 365 days qartulad** Destroying your own MC and doing a complete 180 is the stupidest writing decision I've ever seen. **The next 365 days vietsub** I'm cutting off anything about these books and movies.

Next 365 days ending explained

I didn't like that Laura was starting to become attracted to Nacho when she had such strong feelings for Massimo: **The next 365 days quotes** Though I was happy she ended up feeling only friendship toward him before everything blew up. **The next 365 days trailer** I can also say that I really liked Marcelo until the meeting at the end of the last book when he seemed to be just a puppet for his father, **The next 365 days release date** I saw the cover to this book and knew it was Marcelo right away since he is nearly bald.

The next 365 days ebook download

I was wondering why the fuck there is another man on the cover, **The Next 365 Days kindle direct** IF THIS IS A KIND OF SHOWING EVILS ARE EVILS JUST WAIT FOR THEM TO SHOW REAL THEMSELVES AT BAD TIMES, **The next 365 days sub indo** HERE IS A PERFECT REVIEW FOR THIS BOOK AND SORT OF FOR WHOLE SERIES IF YOU WONDERING WHY I GONE MAD DIS MUCH. **Next 365 days ending explained** Blanka Lipińska Now have dinner.

The next 365 days vietsub

This book was not as action packed as the second book and left me bummed out. **The next 365 days release date** In Kolejne 365 dni It shows us the change each character develops after the death of the baby. **The next 365 days trailer** I just didn't like how she tried to make us turn against Massimo. **The next 365 days netnaija** Although I wasn't a huge fan of this book I over all LOVED the series: **The next 365 days full book** The ending he gave Massimo is sad and cruel and most of

all it is horrible as justification of infidelity: **The next 365 days full book** Blanka Lipińska The author took amazing characters and did a full one eighty with them: **The next 365 days part 2** Daenerys much? □Laura has been contradicting herself half of the book Nacho is a stalker and manipulator and Massimo is a villain. **The next 365 days parents guide** Blanka Lipińska Honestly the other reviews of this book is pretty spot on. **The next 365 days turkce altyazili izle** So the first two didn't quite live up to my expectations but overall the author did her job, **Next 365 days ending explained** Some things were SUPER confusing but ultimately she wrote a good realistic(ish) story. **The next 365 days vietsub** WHAT THE HECK IS THIS BOOK?!?! I feel like I didn't recognize ANYONE in this book, **The Next 365 Days kindle direct** I know that this is the author's story and she alone can take the characters whichever way, **Next 365 days ending explained** I started having problems as soon as this book started but these are my main points. **The next 365 days vietsub** Don't tell me this is a love story and then bring in another guy! He also calls her girl. **The next 365 days book dailymotion** If my boyfriend ever called me Girl he would be my ex-boyfriend, **The next 365 days trailer** Why oh why would you do that to your hero and heroine? Seriously? It felt like the author thought in order for us to tolerate Nacho she had to completely destroy Massimo. **The next 365 days vietsub** So she took a guy who looked for a women for years and once he got her he just went off the rails? He stopped acting like Massimo: **The next 365 days soap2day** See if he took a dive and became totally addicted and stopped acting like himself; I would kind of believe it. **The next 365 days netnaija** She's the kind of girl who you hate in another heroine's story who you know is going to cause problems, **Kindle the next 365 days free download** Now this point may be a bit biased because it's something I as a reader do not enjoy reading about. **The next 365 days book download mp4bookz** Relationship takes work not just having him hand and foot 24/7. **The next 365 days vietsub** Then she wanted to bring Nacho to a party while still married? When Massimo cheated I was done with this story: **Will there be a next 365 days** Timeline- most of this series I had no idea how much time had passed: **The next 365 days book** Is this realistic? Laura should have taken that full year to figure out her true feelings. **The next 365 days parents guide** One major split between Laura and Massimo is that Laura hates how Massimo is mafia but loves the money perks and shoes she gets: **The next 365 days ebook free download** In anger she tells Massimo that an enemy that he makes will go after her: **The next 365 days soundtrack list** This is in the hospital when they are both emotionally vulnerable after they lost their son. **The next 365 days parents guide** I think this drives a wedge between the couple because Massimo feels like he failed and Laura resents him a bit for having enemies. **The next 365 days full book** Luca? You really name your baby LUCA?! What kind of best friend are you? What kind of brother are you? In what world would this ever be acceptable. **The next 365 days parents guide** I can see you naming him Luca as a middle name but not as a first name! My siblings would never do this to me. **The next 365 days trailer** I'm sure the author didn't mean it this way or maybe it got lost in translation. **The next 365 days parents guide** I think the author meant that the pain of losing a child starts to become less crippling as time moves on: **The next 365 days soundtrack** This and with her becoming a complainer whiner and I'm so smart but she really isn't made me resent this character. **The next 365 days vietsub** I don't like how these characters gave up on their marriage: **The next 365 days ending** Soo it's a bit of a chicken/egg situation and I think she could have done more. **The next 365 days vietsub** She left him mentally (and was mentally cheating on him) for awhile. **The next 365 daysx xe** At the end of this story don t care to ever hear ab them or this wannabe author. **The next 365 days netnaija** Blanka Lipińska

The last book destroyed all magic of the series. **The next 365 days turkce altyazili izle** Hate what happened with Massimo how the autor changed him turned 180', **The next 365 days soundtrack list** In my reviews I usually list the names and some background information on the heroine then the Hero, **The next 365 days plot** Though since this is the third book in a series which have been made in to hugely popular Netflix movies I won't do my usual format: **The next 365 days rated r** Though I will give some background on the prior two books, **The next 365 days soundtrack list** Don Massimo Torricelli is a Sicilian Mafia Don who had a near death experience and dreamed of a beautiful woman: **The next 365 days part 2** Suffice it to say Laura did fall for Massimo they married and she got pregnant with his son. **The next 365 days soundtrack list** The Don had many enemies and people out to get at him through her, **The next 365 days soap2day** One of which was Spanish Mafia Don Fernando Matos and his son-in-law Flavio whom had a huge grudge against Massimo, **The next 365 days turkce altyazili izle** Nacho) to kidnap Laura in order to force a meeting with Massimo, **The next 365 days reddit** Marcelo kept Laura with him until the meeting he and Laura becoming friends during that time and were attracted to each other: **The next 365 days vietsub** Though she thought it might be pregnancy hormones which made her horny she was still in love with Massimo after all. **The next 365 days parents guide** Then everything changed at the meeting and here we begin this book, **The Next 365 Days kindle direct** I must say that at the end of the last book tattooed and has some Swedish in his heritage along with the Spanish. **The next 365 days quotes** This book does delve into the feelings of attraction and friendship that Laura and Marcelo had for each other. **The next 365 days netnaija** Laura romanticized her time with Marcelo before everything happened and was resentful that being with Massimo had put her in danger to begin with. **The next 365 days soundtrack list** It wasn't helped by the fact that Massimo was crushed with grief and guilt and pulled away from her: **The next 365 days ridobooks** I got pulled into the story like I never expected and found myself even rooting for something to happen between Laura and Marcelo: **The next 365 days release date** I liked the fact that Laura didn't just all the sudden fall for someone else but it happened slowly and naturally as she felt more distance between herself and Massimo. **The next 365 days soundtrack list** I love the fact that all of these books are romantic sexy super steamy and have storylines that integrate well together. **The next 365 days free pdf** Another thing I really enjoyed was the travel from the Canary Islands to Sicily Portugal Poland and Ibiza: **The next 365 days official trailer netflix** I voluntarily read & reviewed an advanced copy of this book, **The next 365 days turkce altyazili izle** Zarzuka kobietom-feministkom że ją atakują ale średnio potrafi oddzielić ataki personalne od tych związanych z książką. **The next 365 days plot** Bo w gruncie rzeczy pani Blanka to bardzo niepewna siebie kobieta która krytyki przyjmować nie potrafi. **The next 365 days netnaija** Laura w książce nie jest feministką nie ma swoich własnych pieniędzy nie jest samodzielna i godna podziwu: **The next 365 days vietsub** (BTW Czy one wszystkie muszą przewracać oczami i przygryzać wargę?) Causing him to relapse and messing up his sobriety. It baffled me that she expected him not to spiral. I don't blame him for being pissed. This girl was sending mixed messages left and right. I felt bad for both men that loved her. I hope the movies are better. What a waste of time reading these books was. The almost 3* rating is unbelievable. so I went and read a few pages. aaand no. I SUGGEST READ MORE PSYCHOLOGY. Great [] I LOVED the first two books. I want to pretend this one never happened. That is what I care about. HOWEVER. But I'm just so confused and lost. As others have stated this book is just. I'm dumbfounded. 1. That is not flattering at all. 2. But also. top dogs in Mafia organizations never taste the product. And this is why. Massimo would know better. And Laura turned into just an ugly ugly character. 3. Cheating. I don't like that Laura cheated on her husband. As soon as you start fantasizing about another man. you cheating. You should address that immediately. But she didn't. She just decided that it was all Massimo's fault. He doesn't have time because he's running an empire. Just enough Laura most people work and work. 4. This frustrated me constantly. Laura never ever thought about her child again. This is a hard HARD no-no for me. I. Just. Can't. 9. Laura tells Massimo to get help. Good I would do that too. But she never supports him with trying to get help. She's already on the love boat that is Nacho. So check yourself Laura. You did nothing to save this marriage. heroine was maddening acting like brat. I totally started resenting her. Because of this book all story became cheap unmeaningful. Though life was not always rainbows and roses. The Spanish Don sent his son Marcelo (a.k.a. All thoughts & opinions are my own. Jest utrzymanką. KREATYWNOŚĆ. A tak w ogóle. Blanka Lipińska i refuse to believe that. And my penis. A short summary: In Chapter 2 (more about Ch. The child didn't make it.). Laura changes her hair 2 times. Takes over Olga's wedding. Buys herself a motorcycle & calls it her BITCH. Massimo goes on sleeping with other women. The epilogue is pure shit. We hear nothing of Massimo's evil twin anymore btw. Something is off. My guess is YES. Laura is the worst friend to Olga. She has no idea about basic things. He rapes Laura multiple times. Nacho Might-Be-In-Love-With-His-Sister Matos - Still Massimo 2. Is too invested in his sister's love life. Smiles when he talks about murdering people. L. Mrs Lipińska you are SHADY. A company as a gift. Hero can play an instrument (here it's a violin). When Blanka writes time moves differently. - Laura trying to see if Nacho is Massimo 2. He doesn't hit her just cries right then. Chapter 20 was a different story. Abortion is legal in all cases there. Another baby living off alcohol. COCAINE=LOVE. We never get to see his reaction at the news. So boring it would put you to sleep. Olga & Domenico have a son and

she's pregnant again. Another decent character became shitty. 35 is old now. NO characters that you can truly root for or relate to. They're definitely not worth your time or money
