

Sky Breaker: The Night Spinner Series, Book 2 Audible Audio Edition: Addie Thorley, Caitlin Davies, Natalie Naudus, Blackstone Publishing: Audible Books Originals By naszliverpool.co.uk **Book Sky breaker box** Adding the second point of view created a lot depth to the story than if it had just been told from Enebish's side and gave me two strong female characters to root for instead of just one. **PDF Sky breakers palm** Serik is also involved in Sky Breaker than he was in Night Spinner and tends to be the voice of reason for Enebish while she is still reeling from the events that occurred at the end of Night Spinner. **Skybreakers-goldberg** Enebish really struggles with trusting others and paranoia for awhile so it takes some time for the En we all know and love to reemerge but once she does.

Book Sky breakers resort

The fierce Goa gets her own point of view which sent me swooning as soon as I saw it: **EPub Sky breakers resort** She was such an interesting character in Night Spinner and I had a lot of questions for her: **Skybreakers lounge** Goa grows a lot throughout Sky Breaker and her journey surprised me than anything else. **Skybreaker game** Everything would have fallen apart pretty quickly without him and he had to become the leader of this motley group of shepherds and Enebish the Destroyer. **Book Sky breaker morant** There's a dash of romance new characters bigger world and an explosive finish. **Book Sky breakers resort** Sky Breaker: The Night Spinner Series Book 2 Audible Audio Edition: Addie Thorley Caitlin Davies Natalie Naudus Blackstone Publishing: Audible Books Originals 4, **EBook Sky breakers hotel** She is willing to sacrifice all to stop the Zemyans and Sky King even if it means accepting the help of some unlikely allies. **Book Sky breakers resort** Because this is a duology Sky Breaker is unsurprisingly a slower read than Night Spinner, **Book Sky breaker morant** A lot of growth and development had to happen for any kind of resolution to occur not to mention the amount of traveling on foot. **Book Sky breakers unlimited** I loved the light romance throughout the book and was glad that it didn't end up overshadowing the greater dangers that were looming: **Skybreaker stormlight** The themes of forgiveness and redemption run strongly throughout the book and we are left with a somewhat bittersweet ending which I greatly prefer to a saccharine ending, **Book Sky breaker morant** I didn't love Sky Breaker quite as much as Night Spinner but I still really liked it, **Skybreaker group** The world building is amazing The twists and turns are staggering. **PDF Sky breakers resort** I really never could grasp where the story was going but I was always in for the ride: **Sky Breaker kindle paperwhite** Which I appreciate because YA these days can be kind of predictable: **Kindle Sky breaker bar** Sky Breaker: The Night Spinner Series Book 2 Audible Audio Edition: Addie Thorley Caitlin Davies Natalie Naudus Blackstone Publishing: Audible Books Originals The first book was amazing. **EPub Sky breakers hotel** I read it in one day because I literally could not put it down: **Book Sky breakers unlimited** This book however has taken me about 2 weeks to get to 34% because it's not enjoyable: **Skybreaker book** Hardly anything of substance has happened except them traveling to a new place: **Kindle Sky breaker morant** I've tried and tried to keep reading it but as soon as I start reading again I want to put it down. **Book Sky breakers palm** I think this will be one of the few books I never finish, **Sky breaking news live uk** This is a retelling of Hunchback of Notre Dame but just gender swapped, **Sky Breaker epub file** I liked this book and it picks off right where it ended in Night Spinner. **Cooking Sky breakers palm** I felt that the pacing was off and it didn't have the same vibe as the first book. **Book Sky breakers palm** I did enjoy the traveling in this book where the characters had to get to their final destination in order to get aid, **Skybreakers-goldberg** The world building was still amazing and I did enjoy the plot structure of this book: **Cooking Sky breaker box** Also this book is written in two POVs which I loved reading since we got two different perspectives of what was going on. **PDF Sky breakers hotel** The characters in this book changed and weren't the same as from book one, **Book Sky breaker box** In this book Enebish was annoying and had little trust in her friends. **Skybreaker game** She had a great development in book one but in book two it just went downhill for her. **Book Sky breakers resort** Goa was the other main character in this book and I enjoyed her than Enebish: **Skybreaker game** This book has some great side characters and I enjoyed their involvement in the book: **Skybreaker game** Though for the antagonist I felt was a little weak and that he was better in book one, **Book Sky breaker morant** This book did have a good ending and it was great to see the duology end, **Sky Breaker epubs** In my opinion I thought that book one was amazing and enjoyable than book two: **Book Sky breakers palm** It felt a little different and didn't give the same vibe as Night Spinner. **EBook Sky breakers resort** Don't let this review discourage you from reading the duology as the book was still great but just has some small problems: **Skybreaker book** I still recommend reading this book to those who are fans of Hunchback of Notre Dame: **Sky Breaker kindle reader** I loved the idea of a gender bent

Hunchback of Notre Dame retelling in a fantasy world with magic and warring kingdoms:

Skybreaker kenneth oppel Unfortunately Sky Breaker didn't live up to the first book for me, **Book Sky breakers** First Enebish started to get on my nerves with how little she trusted everyone and her generally negative attitude throughout the book: **Book Sky breaker bar** I didn't love being in her head and her ending in the book (no spoilers from me), **Sky Breaker epub file** It's my pet peeve when authors mix omnipotent gods with humans in the plot: **Book Sky breakers hotel** Anyways this book just didn't do it for me but I do like Addie Thorley's writing. **Book Sky breaker morant** I'll be sure to visit her future books and I'm interested to see what she does next. For starters there's no standing in her way. Especially when you've read enough of it. En is angry at everything and everyone is angry at her. Goa's point of view hasn't added anything to the story. In this book I didn't enjoy the writing as much. This book did have action but it just wasn't the same. Here are a few reasons why. Subsequently I didn't really care about the plot that much. Second I didn't love Goa in this book. Third the ending overall was just a bit weird. I didn't love the sudden focus and reality of religion
